ASSESSING OPPORTUNITIES. EXPANDING THE POSSIBILITIES.

For the real estate industry, it can be said, that ‘the times are changing’.

Nationwide implementation of regulatory regimes of Real Estate (Regulation and Development) Act, 2016 (RERA) and Goods and Services Tax (GST) coupled with continuous amendments to strike the right balance; the introduction of favourable regulatory regime and tax incentives to promote the affordable housing segment; and the rising expectations of the new customers have all changed the market dynamics. They are usurping a new era for the industry.

For us at Ganesh Housing, it has been a time to relook at the market and assess opportunities. To relook at our forthcoming projects and align them to emerging demand patterns. To relook at our balance sheet to make it more rewarding and sustainable. For us, it has also been a time for expanding our possibilities.

Today, we are aligned, focussed and geared for the future markets where we will play a leading role.

HIGHLIGHTS OF THE YEAR

Major Industry Developments

GST REDUCTION AND TRANSITION PLAN FOR NEW TAX STRUCTURE

GST Council reduced taxes at 5% for under-construction flats and 1% for affordable housing without input tax credit (ITC). All new residential projects after April 1, 2019 would have to follow the new tax rates with a provision of procuring 80% materials from registered dealers. While incomplete projects as on March 31, 2019 have a one-time option of choosing between the old structure (effective rates of 8% or 12% with ITC) or shift to new structure. Projects having up to 15% commercial space will be treated as residential property.

EXPANSION IN THE DEFINITION FOR AFFORDABLE HOUSING

The scope of affordable housing for availing GST benefits has been extended to flats costing up to ₹ 45 lakhs and measuring 60 sq metres in metros and 90 sq metres in non-metros.

Gujarat Ownership Flats Redevelopment Bill to unleash mega opportunities

With the President's approval to the amendment in the redevelopment norm in Gujarat, the segment has thrown open immense opportunities. The new Act allows for buildings older than 25 years to go for redevelopment with the consent of 75% of the occupants as against 100% earlier. It is estimated that Ahmedabad has 800 housing societies, of which 700 are older than 25 years. This opens significant redevelopment opportunity. This will be further boosted by GDCR's allowance to purchase additional FSI up to a maximum of 2.7 above the base of 1.8 in old Ahmedabad and 1.2 in new Ahmedabad.

REDEVELOPMENT OPPORTUNITY IN GUJARAT

75%

Consent of 75% occupants required for redeveloping buildings older than 25 years

FSI PURCHASE

GDCR to allow FSI purchase up to a maximum of 2.7 at 40% of jantri (land valuation certificate)

700

Housing societies in Ahmedabad are older than 25 years

RERA: AFTERMATH AND THE FUTURE

RERA brings in new era of transparency and keeps speculative buying on check: Survey

Our Bureau | Mumbai | Updated on May 29, 2019 | Published on May 29, 2019

The Hindu BusinessLine

With the Real Estate Regulatory Authority (RERA) firmly reigning in and prices stabilising, it is the best time to buy property. The new era of transparency brought in by the regulation has also kept speculative buying on check and developers have become cautious in pricing their products, according to a study.

The authority has also ensured that only serious real estate companies remained, while the fly-by-night developers vanished, according to a survey of 50 realtors and analysts across ten major cities including Mumbai, Delhi, Kolkata and Bangalore bybizbuzzindia.com.

As it stands now, 22 states and 6 Union Territories have already notified their RERA rules, out of which 19 states have active online portals, said Anuj Puri, Chairman, Anarock Property Consultants. West Bengal too has an active portal for its own real estate law.

“While buyers have been continuously fretting about the dilution of the rules notified, they are bestowing their faith in the law and coming forward in bulk to raise their complaints against faulty developers for myriad reasons including project delays. For instance, Maha RERA has received as many as 6,631 complaints as of April 30, 2019, out of which the state authority claims to have disposed more than 64 per cent of the complaints,” Puri added.

The Real Estate (Regulation and Development) Act, 2016 was passed by Parliament in March 2016, but its execution started effective in May 2017. It's been two years since the deployment of the RERA across the country and the Centre's aim enforce it in each state is gathering visible momentum. Even the north-eastern states including Manipur, Meghalaya, Mizoram, Nagaland, and Sikkim – which earlier shied away from it - have agreed to officially notify RERA rules soon.

West Bengal is the only state which notified its own real estate law under West Bengal Housing Industry Regulatory Authority (WBHIRA). RERA has ushered in a regime of transparency and accountability and weaned away fly-by-the night developers to a great extent, said Abhinav Joshi, Head of Research for CBRE India.

RERA progress calls for applause, but there are areas that need to be fixed

The RERA progress calls for applause, yet there are areas that need to be fixed. Each and every activity of developers is strictly under the scanner now. **Financial Express**

The Real Estate (Regulation and Development) Act (RERA), 2016, came into force in its entirety on May 1, 2017.

Kapil Kumar Sharma

The Real Estate (Regulation and Development) Act (RERA), 2016, came into force in its entirety on May 1, 2017. It is seen as a big move to decode the unregulated real estate sector and to introduce regulations to ensure transparency, quality and provide a redressal mechanism to aggrieved buyers.

The RERA progress calls for applause, yet there are areas that need to be fixed. Each and every activity of developers is strictly under the scanner now. Where the underlying concern of the legislature is to afford preventive, ameliorative and remedial measures to a specified segment of the society, the legislation acquires the colour of a benevolent legislation. Such benevolence in spirit and object, which RERA seeks to accomplish, is clear from its features—RERA's umbrage to salvage buyer interests is far-reaching.

- Its purpose is to mandate reporting of projects by developers along with requisite details at the time of registration. Some of these are the list of necessary approvals to develop the project, carpet area of units sold, possession timings, etc. The same is required to be displayed on their websites.

- Developers have to report the progress of construction on their websites. This ensures visibility of the current status of the project, which can enable buyers to make an informed decision about investing in a property. The provision stipulating a defect liability period of three years is another safety valve that ensures that the quality agreed by developers remains intact at the time of delivery of property.

- Developers now require consent from buyers as well as authorities before giving effect to any change. They are also prohibited from transferring the rights in a project before its completion and, therefore, cannot escape their accountability in respect of the units sold to buyers.

- There is an escrow account wherein sale proceeds from buyers are held in reserve. This ensures the funds collected from buyers are expended on development of projects and not on developers' vested business interests. The stringency in withdrawal of funds from the escrow account supplements the above requirement, making it highly regulated.

The Company is front mover in terms of RERA compliance.

Our premium projects viz. Maple Tree and Maple Trade were registered under RERA. As per RERA registration, the said projects were to be completed before 28.02.2019, accordingly, the Company received building use permission for the said projects before time line i.e. on 29.12.2018 for Maple Trade and on 04.01.2019 for Maple Tree.

This shows our commitment to regulatory requirements and also the ability to adapt the changes in regulatory framework.

CHAIRMAN'S MESSAGE

MOVING PAST FINANCIAL PERFORMANCE, THE GOOD NEWS IS THAT WE HAVE FULLY COMPLETED OUR MAPLE TREE PROJECT HAVING 1.9 MILLION SQ FT SALEABLE AREA. THE PROJECT HAS RECEIVED APPROVAL FOR OCCUPANCY AND UNITS ARE READY FOR POSSESSION. THIS WILL OFFER THE ADVANTAGE OF NOT ATTRACTING GST. THIS GIVES US IMPETUS TO LIQUIDATE OUR INVENTORY WHICH STANDS AT ₹ 6,463 MILLION AS ON MARCH 31, 2019 AS WELL AS REDUCE DEBT.

Dear Shareholders,

We have been on a pursuit to make our business more sustainable over the longer run during the last few years. What we recognise amidst this constantly evolving regulatory regime and challenging market scenario is that there is no one strategy that can deliver. We must be more agile and flexible to quickly respond. Therefore, we centred our focus on introspection. We assessed where we stand today and the opportunities that lay ahead. We assessed what our stakeholders expect from us and explored possibilities on how we can deliver on them.

Obviously, this led us to relook at our industry positioning and strategies. There were a few things that we did for a better future. We rediverted focus from premium projects to affordable housing projects understanding that they would be a drag with the ongoing liquidity crisis prevailing in the market. Instead, we believed that the affordable housing segment would be the next growth driver triggered by the Government's ambitious housing for all programme.

Acting on this strategy, we took the tactical decision of delaying projects anticipating the Government to incentivise the affordable housing segment. Rightly so, the segment has now been provided

infrastructure status and is on top priority. The GST rates for affordable houses have been reduced to 1% without input credit tax. Tax incentives and subsidies are also being offered to financiers and buyers.

While this decision put us in good stead for the future, it did have a short-term hit on our FY 2018-19 performance. Our topline declined by 47% to ₹ 2,672 million and EBITDA by 62% to ₹ 770 million. This was primarily due to deferment of new project launch resulting from constant regulatory amendments and adoption of IND AS 115 i.e. revenue recognition. Our interest cost for the year declined from ₹ 1,005 million to ₹ 917 million. Further, your Company has recommended a dividend of ₹ 0.50 per share subject to shareholders' approval. If approved, this will be your Company's 15th consecutive years of dividend payment to shareholders.

Moving past financial performance, the good news is that we have fully completed our Maple Tree project having 1.9 million sq ft saleable area. The Project has received approval for occupancy and units are ready for possession. This will offer the advantage of not attracting GST. This gives us impetus to liquidate our inventory which stands at ₹ 6,463 million as on March 31, 2019 as well as reduce debt.

TARGETING EMERGING OPPORTUNITIES

We have continued with our strategy of exploring project development opportunities in Chharodi-Tragad and Godhavi regions of Ahmedabad which are upcoming areas and where most of the development is happening.

We are happy to announce that we have achieved financial closure for our upcoming Malabar County 3 and 4 projects in Tragad. We intend to soon commence its construction. Malabar County being one of our most successful and time-tested series of affordable housing projects, offering unmatched value for money proposition, will have strong market demand. In Godhavi, we continue to negotiate with landowners and acquire land bank in patches targeted at developing an integrated township.

We are optimistic of the recent amendment in the Gujarat Flat Ownership Act of 1973 which now allows society older than 25 years to undertake redevelopment with the consent of 75% owners instead of 100% earlier. This opens another potential for redevelopment market. With around 700 housing societies in Ahmedabad older than 25 years, we expect significant opportunities to come under way. In

another landmark event, stringent FSI norm, a key hurdle that barred flat owners to take the redevelopment route was relaxed. Redevelopment under old FSI norms entailed flat owners losing out significant floor space. However, with the modified they are permitted to purchase additional FSI. With this, a housing society that was initially allowed an FSI of 1.8 can now purchase an additional 0.9 FSI. This meant they can actually increase their floor space. This will be a key motivating factor for flat owners to go for redevelopment.

MOVING FORWARD

As we move forward, we will continue to nurture the core values of trust and transparency that this organisation has always been reputed for. Wealth creation, affordable housing and free cash flow generation will be three key agendas for us.

The Ganesh Group is holding land bank of approximately 620 acres as on March 31, 2019. In the affordable housing, we would be focussed on expediting construction and launches. Our venture into this segment has made our business more robust. It has enabled us to add a new layer of revenue and bring diversity to our business. From catering to one segment, we have now broadened our base to cater lower, middle and upper residential categories as well as commercial categories. We welcome the positive move of GST Council to slash rates and its smart move of removing input credit tax (ITC) from the new residential constructions. This will not only resolve the issues between builders and buyers regarding benefits of ITC not being passed on, but also make the properties more attractive. For generating free cash flows, we would work towards faster

liquidation of inventory and using the funds to repay debts.

I thank all our stakeholders for their support. We are proud of what we have accomplished until now. But I hope this report helps you understand that we are not satisfied with our progress and that we are not standing still. I believe our recent moves will make your Company more resilient and prepared to maximise value creation. I thank the efforts of our employees. I believe it is time for each one of us to bring in renewed passion to work and accelerate our efforts.

Regards,

Dipakkumar G. Patel
Chairman

**VIEWING
CHANGE AS AN
OPPORTUNITY**

Sea changes constantly and can be challenging for some. For a sailor, it is a great opportunity to learn, achieve and be humble. They do not try to conquer the tides. They strive to keep moving on with the flow. Respecting the elements. Not trying to change the direction of the wind; rather adjusting the sails to reach destination.

Just like the sailor, we at Ganesh Housing view challenges as an opportunity. We welcome every change. We use our experience, learnings and agility to quickly adapt to the scenario and capitalise on the new opportunities it brings us.

CHANGES	OPPORTUNITY FOR GANESH HOUSING
Regulation and taxation changes due to RERA and GST	Leveraging the core value of transparency, timely delivery commitment, quality, innovation and environment friendliness on which the Company is founded to strengthen competitive edge
Market shifting to mid and affordable housing projects due to increased land prices and policy and tax benefits to the segment	Delaying projects to utilize land bank and launching projects into affordable housing segment that is in-demand at the right time with the Government easing policies and taxes and offering subsidies
Drying up of funds to the real estate segment and liquidity crisis	Destressing balance sheet by optimising debt through expediting inventory liquidation, monetising land bank and taking calculated investment decision in new land bank and projects

CONVERTING OPPORTUNITIES BY EXPLORING POSSIBILITIES

When sailors take existing routes, they often end up where others are. Great reward lies ahead for passionate sailors who continuously explore new route. For them, sea isn't just about reaching the destination, for them it is a means of continuous exploration. They often end up discovering new places and redefining existing routes.

At Ganesh Housing, we are like these passionate sailors, continuously exploring and expanding possibilities to make good of market situations and deliver the evolving needs of customers. We believe this ability of ours to judge the market and responding to it with our agility and flexibility makes us sustainable in the longer run.

Exploring new possibilities...

In the new emerging market that is driven by the Prime Minister's thrust on Housing for All, we have pivoted towards the affordable housing segment and are making a foray into this sector in a big way.

With a clear belief in Ahmedabad's future, especially the emerging areas, we are in the process of developing an integrated township near Godhavi and are planning to launch new residential projects which will qualify for affordable housing as per new guidelines.

Believing in the redevelopment opportunities in Ahmedabad, we may plan to tap the opportunity for assisting co-operative housing societies and look forward for redevelopment for its members.

With each of these initiatives, we are transforming opportunities into possibilities.

EXPLANATORY STATEMENT PURSUANT TO SUB-SECTION (1) OF SECTION 102 OF THE COMPANIES ACT, 2013

Item No. 4

The Board of Directors of the Company, upon the recommendation of the Audit Committee, has approved the appointment of M/s J. B. Mistri & Co., Cost Auditors, Ahmedabad to conduct the audit of the cost records of the Company for the financial year ending 31st March, 2020 at a remuneration of ₹ 1,00,000/- (Rupees One Lakh Only) plus GST, as applicable, at its meeting held on 30th May, 2019.

In pursuance of Section 148 of the Companies Act, 2013, Rule 14 of the Companies (Audit and Auditors) Rules, 2014, read with Companies (Cost Records and Audit) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the shareholders of the Company.

Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at Item No. 4 of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending 31st March, 2020.

The Board commends the Ordinary Resolution set out at Item No. 4 of the Notice for approval by the members.

None of the Directors or Key Managerial Personnel of the Company or their relatives are, in any way, concerned or interested financially or otherwise in the resolution set out at Item No. 4 of the Notice.

Item Nos. 5, 6 and 7

As per the provisions of Sections 149, 152 & Schedule IV of the Companies Act, 2013 read with the relevant Rules thereunder as amended, the Company had appointed Dr. Bharat J. Patel, Dr. Tarang M. Desai and Mr. Ashish H. Modi as Independent Directors as per the requirements of the Companies Act, 2013 at the 23rd Annual General Meeting held on 15th September, 2014 for a term of five consecutive years.

As the above named Independent Directors shall be completing their first term of appointment upon completion of five years from the date of their appointment viz. 15th September, 2014 during the current year, they are eligible for re-appointment for another term of five consecutive years

subject to approval of the Members by Special Resolution. All the above named persons have consented to their re-appointment and confirmed that they do not suffer from any disqualifications which stand in the way of their re-appointment as Independent Directors.

The performance evaluation of the Independent Directors was conducted by the entire Board of Directors (excluding the Director being evaluated) on the basis of a structured questionnaire which was prepared after taking into consideration inputs received from the Directors covering various aspects of the Board's functioning viz. adequacy of the composition of the Board and its Committees, Board culture, execution and performance of specific duties, obligations and governance.

Accordingly, based on the performance evaluation of the Independent Directors, the Nomination & Remuneration Committee and the Board of Directors of the Company at their Meetings held on 29th May, 2019 and 30th May, 2019, respectively have recommended the re-appointment of the aforesaid persons as Independent Directors for a second term of five consecutive years commencing with effect from 14th September, 2019. During their tenure of appointment, they shall not be liable to retire by rotation as provided under Section 152(6) of the Companies Act, 2013.

The Company has received declarations from all the Independent Directors confirming that they meet the criteria of independence as prescribed under sub-section 6 of Section 149 of the Act and as per SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Board of Directors of the Company has taken on record the said declarations and confirmation submitted by the Independent Directors after undertaking due assessment of the veracity of the same. In the opinion of the Board, they fulfill the conditions for re-appointment as Independent Directors and they are independent of the Management.

The brief profile of all the Directors is mentioned under "Profile of Directors" forming part of this Notice and details of the remuneration paid/payable by way of sitting fees to them are as provided in the Corporate Governance Report forming part of the Annual Report for the year 2018-2019.

The Company has also received notices from a Member under Section 160 of the Companies Act, 2013 (the Act) proposing their re-appointment as Directors.

A copy of the draft letter for re-appointment of the Independent Directors setting out the terms and conditions of their re-appointment is available for inspection by the Members at the Registered Office of the Company during the office hours on all working days other than on Saturdays and Sundays till the date of the Annual General Meeting.

The Board recommends the Resolutions as set out in Item Nos. 5, 6 and 7 of the Notice for approval of the Members as Special Resolutions.

None of the Directors or Key Managerial Personnel of the Company and their relatives other than the concerned Independent Directors are in anyway deemed to be concerned or interested, financially or otherwise, in the Resolutions as set out in Item Nos. 5, 6 and 7 of the Notice.

Item No. 8

The Company is expected to render support for the business requirements of other companies in the group, from time to time. However, owing to certain restrictive provisions contained in the Section 185 of the Companies Act, 2013, the Company was unable to extend financial assistance by way of loan, guarantee or security to other entities in the Ganesh Group. In the light of amendments notified effective May 7, 2018, inter-alia replacing the provisions of Section 185 of Companies Act, 2013, the Company with the approval of members by way of special resolution, would be in a position to provide financial assistance by way of loan to other entities in the group or give guarantee or provide security in respect of loans taken by such entities, for their principal business activities. The members may note that board of directors would carefully evaluate proposals and provide such loan, guarantee or security proposals through deployment of funds out of internal resources/accruals and/or any other appropriate sources, from time to time, only for principal business activities of the entities in the Group.

Accordingly, consent of the members is sought by way of a Special Resolution as set out in Item No. 8 of the accompanying Notice. This resolution enables the Board of Directors of the Company to advance loan or provision of guarantee or security to Subsidiaries/Joint Ventures/associates/other Companies/Firms in which Directors are interested directly or indirectly under section 185 of the Companies Act, 2013, and also ratification of existing loans/guarantees/securities given or provided by the Company till date of the said resolution coming into effect, if any. Hence, by the proposed resolution all such transactions are placed for approval/ratification. Moreover, the Company may in the ordinary course of its business provides loans or gives guarantees or securities for the due repayment of any loan and in respect of such loans an interest is charged at a rate not less than

the rate of prevailing yield of one year, three years, five years or ten years Government security closest to the tenor of the loan or may advance loan to its wholly-owned Subsidiary or may provide guarantee to subsidiary in respect of loan made by any bank or financial institution which being exempted transactions shall not be included in the above limits sanctioned by the members.

The Board of Directors recommend the Special Resolution for approval by the members.

All the Directors except for the Independent Directors and their relatives are concerned or interested in the aforesaid resolution, financially or otherwise to the extent of their directorship and/or shareholding. None of the other Key Managerial Personnel of the Company and their relatives are in anyway deemed to be concerned or interested, financially or otherwise, in the Resolutions as set out in Item No. 8 of the Notice.

iii) **Other Benefits:**

- a. The Company's contribution to provident fund, superannuation or annuity fund, to the extent these singly or together are not taxable under the income tax law as per the rules of the Company.
- b. Gratuity payable shall be as per the rules of the Company.
- c. **Leave Encashment:** as per the rules of the Company.
- d. Company Car and Telephone: Use of Company's Car, Chauffeur and telephone at the residence for the official purpose as per the rules of the Company.

iv) **Commission:**

The Managing Director shall be entitled to a payment of commission at the rate of 1% of Net Profit, however, the total remuneration by way of salary, perquisites, other allowances and commission shall not exceed 5% of net profit for one such managerial person and if there is more than one such managerial person, 10% for all of them together computed in the manner laid down under section 197 of the Companies Act, 2013.

- 3) As the Members are aware, the Company had been making consistent and adequate profits upto the Financial Year 2017-18. However, there was a drop in the profitability in subsequent year for reasons beyond the control of the Company. As a result, the Company had inadequate profits for the Financial Year 2018-19 as computed in the manner provided under Section 198 of the Companies Act, 2013 for the purpose of payment of Managerial Remuneration

to the Whole-time Director and Managing Director. While the Company continued to make payment of dividends to the Members, no increments were given to the Whole-time Director and Managing Director since the year 2015 onwards. The Company had to therefore pay Minimum Remuneration to them, within the limits as approved by the Members at the time of their re-appointments, which exceeded the limits specified under Section 197 of the Companies Act, 2013.

- 4) Further, the Ministry of Corporate Affairs vide its Notification dated 12th September 2018, notified the relevant provisions of the Companies (Amendment) Act, 2017 and Schedule V thereto.

Pursuant to the amended provisions of Section 197(3) of the Act read with Schedule V thereto, if in any Financial Year, the Company has no profits or its profits are inadequate, it can pay remuneration to its Managerial Person in accordance with the provisions of Schedule V to the Act i.e. not exceeding the limits specified under Item (A) of Section II of Part II of the said Schedule: Provided that the remuneration in excess of above limits may be paid if the resolution passed by the Members is a Special Resolution. Moreover, in terms of Schedule V of the Act, such resolutions shall be passed at the general meeting of the Company for a period not exceeding three (3) years.

Pursuant to sub-section (9) and sub-section (10) of Section 197 of the said Act, as so amended, the Company is required to obtain the approval of the Members by means of Special Resolution for waiver of recovery of the excess Remuneration, if any, paid to the Whole-time Director and Managing Director within two (2) years from the date it exceeds the limits and liable for recovery.

- 5) As described in point no. 3 above, the Company had inadequate profits as per Section 198 of the Act for the financial year ended 31st March, 2019. Further, the Company paid remuneration to the Whole-time Director and Managing Director of the Company as approved by members at the time of their respective re-appointments at the 26th AGM held on 27th September, 2017 and by way of declaration of results of Postal Ballot on 31st July, 2014 which is in excess of limits. Further, based on the Financial Statements of the Company for the financial year ended 31st March, 2019 and other relevant factors including prevailing market conditions, the Company may not have adequacy of Profits in the F.Y. 2019-2020 ending 31st March 2020.
- 6) It is therefore considered desirable to obtain approval of members by way of Special Resolution(s) for the purpose of waiver of recovery of sum refundable being excess remuneration paid by the Company for the F.Y. 2018-2019 (more specifically mentioned in respective resolutions

no. 9 and 11 of the Notice). Further, it is also desirable to obtain fresh approval of Members by way of Special Resolution(s) for payment of minimum remuneration to the said Whole-time Director and Managing Director for F.Y. 2019-2020, in case the Company has inadequacy of Profits for that year.

- 7) Moreover, the term of Mr. Dipakkumar G. Patel, Chairman & Whole-time Director is for a period of five (5) years up to 30th September, 2022. As mentioned aforesaid, in case of inadequacy of profits or no profits, the approval of members is obtained for payment of minimum remuneration in excess of limits prescribed under Schedule V of the Act for a period not exceeding three (3) years, it is proposed to pass Special Resolution for payment of remuneration to him for the period commencing from 1st April, 2019 and ending on 31st March, 2022, more specifically described under resolution no. 10 to the Notice.
- 8) The Nomination and Remuneration Committee and the Board of Directors of the Company at their meetings held on 29th May, 2019 and 30th May, 2019 respectively, have inter alia, recommended above resolutions for approval of members by means of Special Resolutions.
- 9) Additional information as per Section II of Part II of Schedule V to the Companies Act, 2013, is as set out in Annexure-A hereto.
- 10) Mr. Shekhar G. Patel and Mr. Dipakkumar G. Patel is interested in the said resolutions as Promoters and KMPs to the extent of their directorship and shareholding being not less than 2% of paid up capital. Also, Ms. Aneri D. Patel being related to Mr. Dipakkumar G. Patel as daughter may be deemed to be concerned or interested in the resolution to the extent of her directorship.
- 11) None of the other directors or key managerial personnel or their relative/s is in any way concerned or interested in the proposed resolution as set out in item no. 9, 10 and 11.
- 12) The Board of Directors recommend passing of the Resolutions as Special Resolutions as set out in item no. 9, 10 and 11 of the accompanying notice for the approval of members.

Item No. 12

Further, Nomination and Remuneration Committee has been empowered with regard to administration and monitoring of the ESOP 2010. No employee has been issued share options, equal to or exceeding 1% of the issued capital of the Company at the time of grant.

The Nomination and Remuneration Committee at its meeting held on 1st November, 2010, granted total 9,98,815 options which was vested not earlier than 1 year and in the ratio of 20% - 20% - 20% - 20% over the next five years from 1st November, 2011 onwards. The said options were vested at an exercise price of ₹ 171/- and the exercise period of the options were fixed as 3 years from the date of vesting of options. Thereafter, no grant was made under ESOP 2010 Scheme and only Grant-I was existing.

Further, in the year 2016, the Company declared bonus issue at the ratio of 1:2 i.e. one equity share each against every two equity shares held. Accordingly, as per the terms of ESOP Scheme, the options vested got increased in proportion of bonus and the price of option was reduced proportionately. Thereafter, the exercise price of the option was arrived at ₹ 114/-. During the term of ESOP Scheme, the options were exercised once in the financial year 2014-2015 and seven times in the financial year 2017-2018. Further, over a period of time certain options were cancelled due to retirement, resignation, death, etc. and certain options got lapsed on the completion of period of 3 years from date of vesting as the same were not exercised by the employees. Accordingly, for the options vested in 5th year, the last date for exercise of options was 1st November, 2018. Hence, 44,821 options vested and outstanding due to non-exercise got lapsed on said date. Thus, all these options, cancelled and lapsed over a period of time, were transferred to pool account of options.

As per the terms of ESOP 2010 Scheme, the said scheme shall continue to be in force until (i) its termination by the Board or (ii) the date on which all of the options available for issuance under the ESOP 2010 have been issued and exercised/lapsed. The Company does not wish to further utilize options available under Pool Account, hence, the Board of Directors of the Company at its meeting held on 14th November, 2018, closed the said Scheme as all the options granted and vested under Grant I has been exercised/lapsed.

The details of disclosure of Employee Stock Option Plan [ESOP 2010] as required under the provisions of Companies Act, 2013 and SEBI (Share Based Employee Benefits) Regulations, 2014 are available on the website of the Company. Web-link of the same is <http://www.ganeshhousing.com/investors/financial-information/>.

Management Discussion and Analysis

ECONOMIC SCENARIO

Global Economy

In 2018, the broad-based cyclical growth witnessed by the global economy in the preceding two years lost momentum. Increased trade tensions and tariff hikes between the United States (US) and China, weak business confidence, tightened financial conditions and greater policy uncertainty across economies were the main reasons for the deceleration in growth. World economic growth dipped to 3.6% in 2018 from 3.8% in 2017. Slowdown in manufacturing, poor financial market sentiments and deceleration in industrial production outside US also contributed to the slowdown in growth.

World Economic Output Growth (%)

	2017	2018	2019P	2020P

* Excludes the G7 (Canada, France, Germany, Italy, Japan, United States) and euro area countries p= projections

Source: World Economic Outlook - April 2019

The advanced economies grew by 2.2% in 2018, slightly lower than 2.4% growth recorded in 2017. This was due to a slowdown in the euro area, led by weak consumer and business confidence; and disruption in car production in Germany, led by introduction of new emission standards. In Italy, investment dropped due to widening of sovereign spreads.

Growth in the emerging markets and developing economies (EMDE) was recorded at 4.5% in 2018, slightly lower than 4.8% in 2017. China's growth was also negatively impacted, led by the much-needed regulatory tightening to restraint shadow banking and heightened trade tensions with US. External demand, especially from emerging Asia, remained soft. In Japan, the economy faced the brunt of natural disasters.

As per the International Monetary Fund (IMF), world output is expected at 3.3% in 2019 with slight recovery to 3.6% in 2020 mainly due to improved outlook in emerging markets. Growth in the advanced economies is projected to further slow down to 1.8% in 2019 and to 1.7% in 2020. The EMDE sector is projected to further slow down marginally in the years ahead. Growth is seen slowing down to 4.4% in 2019, but is estimated to pick up again and rise to 4.8% in 2020. This can be attributed to an accommodative policy stance in the advanced economies, easing of trade tensions between US and China and ramped up fiscal and monetary stimulus by China. Indian Economy

Despite the global economy battling headwinds, India's economy continued on its growth trajectory and continued to be one of the world's fastest growing major economies. As per the second advance estimates released by the Central Statistics Organisation (CSO), India's gross domestic product (GDP) is seen growing by 7% in FY 2018-19, tad lower than 7.2% witnessed in FY 2017-18. Economic growth witnessed pressure in the second half of the fiscal year, led a slowdown in agriculture, weaker consumer spending and investments, and a marked slowdown in the manufacturing sector. Growth can perk up if supported by prudent macro-economic policies on both fiscal and monetary fronts. Ease in monetary policy, with the Reserve Bank of India (RBI) cutting interest rates by 25 basis points in February 2019, bodes well.

IMF projects India's economy to touch USD 2.9 trillion in 2019, overtaking France and United Kingdom, to become the world's 5th largest economy. Near-term growth could witness support from the government spending announced ahead of the General Elections. The interim Union Budget for 2019-20 supported farmers, economically weak sections, workers in the unorganised sector and salaried employees, with a continued Government push on infrastructure development.

In February 2019, public sector banks were provided with capital infusions. These measures, combined with application of the Prompt Corrective Action (PCA) framework requiring timely recognition and resolution of bad loans through the Insolvency and Bankruptcy Code, are directed to address solvency and asset quality challenges.

Short term challenges such as the El Nino impact and General Elections, among others, continue to grapple the Indian economy. Despite this, it is likely to emerge as an outperformer, compared to most other global economies. As per World Economic Outlook (April 2019), India's GDP is expected to

grow by 7.3% in 2019 and 7.5% in 2020, benefiting from lower oil prices and a slower pace of monetary tightening with low inflation. RBI revised the inflation outlook downwards to 2.9% to 3% in the first half of 2019, and higher at 3.5% to 3.8% during the second half. With a stable Government at the centre, continued implementation of structural reforms, easing of infrastructure bottlenecks and robust consumption amid a more expansionary stance of the monetary policy and fiscal policy, the Indian economy is expected to see future growth.

INDUSTRY OVERVIEW

Indian Real Estate Market

India's real estate sector is expected to reach a market size of USD 1 trillion by 2030, up from USD 120 billion in 2017. It is seen contributing 13% of India's total GDP by 2025. Real estate stock in India is expected to reach 3.7 million square feet in 2019, with an addition of 200 million square feet during the year. Emergence of nuclear families, rapid urbanisation and rising household incomes are likely to remain the key growth drivers in all spheres of real estate, including residential, commercial and retail. Rapid urbanisation in the country is pushing the growth of real estate.

The year 2018 witnessed a fair revival in the residential market, primarily buoyed by new launches and sales in the affordable housing sector, which is projected to continue to drive market growth in 2019. The key growth driver is the transparency brought about by policy implementation, augmenting buyer sentiments and bringing back investors. The main focus continued to be on ensuring affordable housing, balancing the impact of the Goods & Services Tax (GST) and improving sales, while also witnessing the fallout of the liquidity crisis of NBFCs.

Retail, hospitality and commercial real estate segments are also growing significantly, providing the much-needed infrastructure for India's growing needs. Private Equity and Venture Capital investments in real estate have reached USD 4.47 billion in 2018 and USD 1,474 million in Q1 of 2019. Between 2009 and October 2018, the Indian real estate sector attracted institutional investments worth USD 30 billion.

Key Drivers for Growth

Led by a slew of initiatives by the Government, the Indian real estate sector witnessed a revival with confidence of homebuyers increasing, led by a clear understanding of the market. The developers also witnessed a smooth regulatory business process. This development is expected to help increase cash flow in the sector during 2019. Single window approvals by central and various state governments are expected to further accelerate growth.

The government has announced certain amendments in the taxation and regulatory features. RERA is streamlining the sector, ensuring that buyers get full value for their money. The central and various state governments are announcing single window approvals. The implementation of GST and approval by SEBI for Real Estate Investment Trusts (REIT) have led to greater transparency in the sector. Institutional investors are now looking at India's real estate with renewed interest. With the advent of first REIT in early 2019, investors are looking forward to great opportunities.

By 2018, almost all concerns regarding the viability of a REIT launch had been addressed, making it an opportune time for a REIT listing. In Q1 of 2019, the Embassy Group and Blackstone Group together launched India's first REIT, which was oversubscribed upon listing. This is a critical step towards formalising the funding mechanisms prevalent in the sector.

Affordability improved across key markets pan India from 2014 to 2018, led by Government initiatives, favourable home loan rates and higher growth in disposable incomes versus real estate pricing growth. According to a recent research report by Colliers International, the average disposable income per annum for India's middle income group grew by 9% across seven major cities in India during 2014 to 2018. This was in comparison with less than 2% average growth in residential property prices. Additionally, besides granting of the infrastructure status to the real estate segment, the government made a substantial rate cut on GST on housing to 5% on under-construction properties, with no input tax credit (ITC) under the non-affordable housing. The rate was fixed at 1% on under-construction property, with no ITC on affordable housing.

The government extended the benefit of Credit Link Subsidy Scheme (CLSS) on home loans for the middle income group under the Pradhan Mantri Awas Yojana (PMAY) Urban till the end of March 2020. According to this, a homebuyer can avail a subsidy of up to ₹ 2.67 lakh on home loans under this scheme.

Ahmedabad Real Estate Market

In May 2018, the Gujarat state government with the aim of removing corruption from the system, approved the Online Development Permission System (ODPS). Under this, building permission to real estate developers and builders was to be

provided within 24 hours, and that too, without any human interference. This new policy led to a drop in new launches in the Ahmedabad market. While the intentions behind the new policy were good, the new initiative faced teething troubles and led to a dip in new launches in the city. Realising the problems with ODPS, the state Government temporarily moved to the offline mode in October 2018, post which new launches began picking up. As a result, new launches in 2018 were lower by 13% compared to 2017. Sales remained steady witnessing 3% growth in 2018, as compared to 2017. Steady demand and availability of “ready to move in” houses within a particular price bracket ensured that sales maintained a healthy momentum.

Being a price sensitive market, the Government’s push for affordable housing in Ahmedabad is fast catching up. Real estate developers across Gujarat are betting big on affordable homes. Around one-third of the total 5,191 real estate projects registered with Gujarat Real Estate Regulatory Authority (GujRERA) fall under the affordable housing category. Among these affordable housing projects, 878 belong to pure residential category, while 816 are mixed-use with residential and commercial units. With 502 registered affordable housing projects — residential and mixed use — being at Ahmedabad, this is the highest number across Gujarat.

The demand for property in Ahmedabad was held mainly because of interest from investors and non resident Indians (NRIs). The main reason for investing in a real estate property in Ahmedabad is the pick-up in economic activity, with an overall cascading effect and a trickle-down benefit on the real estate market. A significant boost is also provided by the Ahmedabad metro with real estate development along the routes, especially on the vacant land nearby. Housing projects are coming up in areas such as Gota, Vaishnodevi, Shela and South Bopal, and also within a 3-6 km radius. The paucity of land and increasing square foot cost of buildings in posh localities have led to robust growth in multi-storied apartments. The prime areas within the city are Shahibaug, Bodakdev, Satellite, Vastrapur, Thaltej, Prahladnagar and Maninagar. (Source: <https://shelter4u.in/why-real-estate-in-ahmedabad-is-booming/>)

According to a survey by ASSOCHAM investment into Ahmedabad real estate is expected to increase by 32% in 2019. The Survey indicates that NRIs consider Ahmedabad as a very stable market, especially with regard to absorption and demand of both commercial and residential property. These investments are expected to come largely from the US, UK, Singapore, Canada, the United Arab Emirates and South Africa, the regions with a large Gujarati Diaspora.

Residential Sector

Despite the massive need for housing in India, there has been a steady decrease in residential volumes in terms of launches and

sales every successive year of the current decade. Huge unsold inventories caused by a prolonged focus of developers on wrong apartment ticket sizes led the residential real estate segment to a complete standstill. However, vast unsold inventory levels that peaked in 2014 at 0.72 million units forced real estate developers to curtail supplies in a bid to lighten the inventory load. This course of action witnessed reasonable success even in the face of lacklustre demand as unsold inventory levels have fallen to 0.47 million units in 2018.

Regulations imposed by the government to ensure accountability on the developer discouraged speculators and laid the foundation of a healthy end users’ market. Some of these regulations are: the Real Estate (Regulations and Development) Act, 2016 (RERA); Goods and Services Tax Act (GST); and the Benami Transactions(Prohibition) Amendment Act, 2016. The government’s ‘Housing for All By2022’ and the granting of infrastructure status to affordable housing is also aimed towards boosting housing supply for low-income and middle-income segments and improving affordability of the homebuyer.

This period of stabilisation, right-sizing and right-pricing of new residential products and improvement in homebuyers’ sentiments due to increased transparency resulted in 76% growth in units launched during 2018, as compared to 2017. Sales in 2018 grew a modest 6% as compared to that in the previous year. The year marked the first that saw any growth in sales and supply during the decade. Market traction could have been better, if it were not impacted by the NBFC liquidity crunch.

Of the eight cities under coverage, only Kolkata and Ahmedabad witnessed supply fall during 2018, while supply volumes in Mumbai and Pune increased by a massive 220% and 157%, respectively. Maharashtra has been the frontrunner in applying the RERA in letter and spirit and caused some distress on supply side in 2017, which is gradually resolving itself. Maharashtra accounted for almost 59% of the units launched during the year. The Mumbai residential market experienced the largest sales volume among all the cities. However, the highest growth

was experienced by Bengaluru at 27% in 2018. The home-buyer in this city has been especially receptive to relaxations in the qualification criteria for projects under the PMAY, such as interest subsidies and increase in the extent of carpet area to 160 square metres for MIG – I and 200square metres for MIG – II.

The current QTS level stands lower at 10.2 quarters at the end of 2018, compared to 11.2 quarters in 2017, led by significantly higher sales and lower unsold inventory levels. However, the age of unsold inventory has been progressively increasing across eight major cities. Weighted average prices have stagnated across cities, with Mumbai witnessing the most decline at 7%, while NCR and Bengaluru grew at 2%. Hyderabad saw prices move up by 7% due to the high proportion of ready inventory and very little supply coming online during 2018. During the last four years, the growth in residential prices in most of the top eight cities of India has been below retail inflation growth. This fact has helped keep the de-growth in sales much more muted compared to launches and reduced unsold inventory levels by 29% in the past three years. The reduction in prices improved home affordability, and average ticket sizes of housing units in most cities are close to being 4.5times the annual household income of the city. The government relaxing norms for NBFCs to liquidate loan portfolios and contemplating roll-back of taxes to reduce costs for homebuyers will play its part in stimulating the market.

Ahmedabad Residential Sector

Housing supply continues to remain muted in Ahmedabad as launches of new homes declined by 13% in 2018 to 4,167 units, down from 4,790 units in 2017. Residential sales across Ahmedabad rose 3% at 16,188 units in 2018, compared to 15,741 units sold in 2017, largely led by sales in the affordable housing sector. With sales remaining about four times the new supply, unsold inventory of housing units fell by 45% from 26,884 units in 2017 to 14,863 units by December 2018. With inventory under control, 2019 is expected to witness a strong improvement in new launches.

More than 40% of the new residential launches were witnessed in East and North Ahmedabad, which are largely considered as affordable markets. The West, which is the hub of housing activity, contributed 22% of the new launches. Around 34% of the sales were recorded in West Ahmedabad – in more prominent in areas like South Bopal, areas along Sindhu Bhavan Road and Bopal Ambli Road, led by the recent improvement in social infrastructure and access. The affordable housing markets witnessed high traction in East and North Ahmedabad with hectic sales activity in areas like Ranip, Chandkheda, Gota, Naroda and Vastral. Due to its proximity to business districts along the SG Highway and Sanand, West Ahmedabad has been a favourite among homebuyers in recent years, especially among those with white-collar jobs.

Prices of housing units in the city have largely remained stable in the recent years. East Ahmedabad is one of the better performing markets in the city, which attests homebuyers’ affinity towards affordable houses. Affordable pricing, coupled with easy access to major employment hubs and integrated development, helped this micro market in attracting homebuyers.

A major policy change in Ahmedabad is expected to boost the housing sector in the coming years. This is the amendment in the Gujarat Flat Ownership Act of 1973 to work out the modalities for flat-owners. The earlier provision required the society to be above 25 years and needed 100% consent of owners for the purpose of redevelopment. There has been an amendment signed by the President, that even if 75% owners agree, redevelopment is now permissible. Of the 800 old societies, about 700 are expected to be older than 25 years. The state government is yet to come out with the requisite notifications and detailed guidelines in this regard. Hence, this presents a huge opportunity for growth in residential real estate.

Commercial Sector

For the commercial sector, 2018 proved to be a landmark year, with office space absorption crossing an all-time high of 47 million square feet (msf), registering 5% growth across the nine leading cities in India. This was boosted by a supply influx of 35 msf, up 17% as compared to 2017.

Traditionally, American corporates have driven about 40% of total leasing in the country over the past few years. While this trend is expected to continue, India's position as a preferred outsourcing destination is also likely to attract corporates from EMEA and APAC, resulting in an increase in fresh transactions in the future, thereby boosting space take-up.

Bengaluru and NCR continued to dominate the take-up, while Hyderabad emerged as the third-most preferred office destination, overtaking Mumbai. 2018 was marked by a significant spurt in flexible space operators and their footprint across the country. Flexible space operators leased over 6 msf of investment grade office space in the country, more than double the quantum leased in 2017.

The rise of start-ups, particularly tech-based, and their evolving relationships with large multinationals and established domestic corporates, is resulting in workplace formats becoming more tech-enhanced. There is also an increasing demand for cost-effectively managed offices or 'café' environments.

Ahmedabad Commercial Sector

The office market in Ahmedabad is still in its infancy, compared to urban centres such as Mumbai, Bengaluru and Delhi NCR. In 2018, office space transactions declined 29% to 1.03 msf, attributable to the absence of any large transactions and high-base effect. The largest transaction was that of Claris Lifesciences, which took up 0.1 million sq ft of office space. New completions reached 3.09 msf, compared to 2.92 msf in 2017, registering 6% growth. During H1 of 2018, 0.9 msf of office space entered the market with only 12 projects witnessing new office completions, which were largely in the central business district (CBD) and CBD West. Major part of the new supply that got added to the stock came in CBD West along SG Highway,

Corporate Road, off CG Road, Drive In Road and Science City Road. The second half witnessed an infusion of 2.18 msf of office space, with good quality supply making its way in. Of the total transacted office space in the city, CBD West accounted for 83%, thereby making it one of the most preferred business districts in the city. Further within CBD West, SG Highway accounted for 46% of the transacted space.

Unlike other real estate markets such as Bengaluru and Hyderabad, the office market in Ahmedabad is not driven by the IT/ITeS sector. Till 2017, the BFSI sector continued to dominate the transacted office space. In 2018, however, the share of BFSI went down to 26%, with the biggest gainer being the other services sector at 61%, compared to 36% in 2017. Another noticeable trend emerging is the growing prominence of co-working space with three such transactions taking place in 2018. Rentals are firming up both in CBD West and the peripheral business district (PBD). Lack of quality office space is creating an upward pressure on rentals in the city, resulting in rentals increasing by 15% in H2 2018, compared to the corresponding period in 2017.

Retail Sector

In 2018, retail demand continued its robust growth trajectory as customer base continues to expand with millennials steadily on their way to dominate India’s demographic profile. Led by the change in the demographic profile, consumer behaviour is also rapidly evolving. In 2018, nearly 5.1 msf of new retail developments became operational across seven major cities, led by Hyderabad, Chennai and Bengaluru. Smaller retail developments also became operational in NCR and Kolkata. Demand was led by several categories including F&B, fashion, apparel, accessories, electronics, sportswear, entertainment centers and multiplexes. Both domestic and international players remained active across the retail leasing landscape. Ikea forayed the Indian retail market through the 100% FDI route by opening its first store in Hyderabad. Other notable international brands such as Berlutti, Love Moschino, Bath & Body Works, American Eagle, Ted Baker, and Polo Ralph Lauren also entered the retail market during 2018.

The retail real estate segment is expected to witness a transformational streak, with technology and changing consumer preferences. Although online shopping is penetrating rapidly, the share of online retail is still miniscule when compared

to brick-and-mortar sales. Newer physical retail formats are expected to emerge, with the focus being on creating a more personalized experience for shoppers. Rapid urbanization, growing young population, increasing workforce, social media pressures and higher per capita and disposable incomes are expected to drive consumption. Total retail spending across in the country is expected to touch ₹ 7,650 billion in 2019. As per Anarock Property Consultants, India’s organised retail sector is expected to add 39 msf of space by the end of 2022, of which 71% will be in metros and tier-I cities, including Ahmedabad, Bhubaneswar, Ranchi, Kochi, Lucknow, Surat and Amritsar.

Ahmedabad Retail Sector

The city witnessed new significant high-end retail space supply during the year. Mall leasing activities were largely driven by Food & Beverage (F&B) and apparel segments. Insufficient new supply and limited availability of quality spaces led to an increase in mall rents on S.G. Highway submarket by 5%. The retail spaces in prime main streets continued to remain dominated by retailers from apparels and lifestyle goods segments. Strong demand and limited quality supply led to a significant upsurge in rental rates on the main streets. However, leasing is expected to strengthen further due to increase in enquiries from F&B, apparels and automobile retailers.

Overall mall vacancy was largely unchanged with leasing activity continuing to remain sluggish in 2018. Retail leasing at main streets continues to be robust compared to malls. SG Highway and Sindhu Bhavan Road continue to remain attractive locations for retailers. Available supply, good footfalls and proximity to commercial and residential areas are driving the leasing activity in these locations. Most of the transactions were driven by retailers from the apparel and health & fitness industry. Owing to lukewarm leasing activity and no fresh supply, mall rentals remained stable. However, select locations witnessed marginal increase due to renewal.

In May 2019, the Gujarat legislative assembly paved way for 24*7 retail in the state, making Gujarat the second state after Maharashtra to do so. As per the Act, shops in municipal corporation jurisdiction may remain open for business for 24 hours, while those in municipalities were allowed to remain open till 2 am. In rural areas, retail establishments were allowed to remain open till 11 pm. This move is expected to enable the ‘Ease of Doing Business’ for retailers, support small retailers and provide a substantial boost to employment generation. No new supply of malls is expected in 2019, with retailers being cautious about their expansion plans and developers deferring completions due to listless leasing levels. Approximately 1.08 msf of mall supply is expected to come up by 2020, while another 1.05 msf is proposed by 2021.

BUSINESS OVERVIEW

Ganesh Housing Corporation Limited (GHCL or the Company) is a flagship company of the Ganesh Group. Incorporated as a Public Limited Company in June 1991, the Company has built credible brand equity in Ahmedabad as a reputed real estate developer. Founded by the Late Govindbhai C. Patel, the Company is the pioneer of organized housing and construction in Ahmedabad.

Till date, GHCL has developed and sold over 22 msf real estate space, with another 2.5 msf currently under development. With a robust track record of delivering marquee projects for the middle and higher classes of the society, the Company has established an impeccable presence across residential, commercial, retail and township formats of the real estate projects. GHCL has one of the largest developable land bank in the city with over 50 msf of space. GHCL is a ISO 9001-2008, ISO 14001 : 2004 & OHSAS 18001 : 2007 certified company, and continuously strives to present superior spaces to its customers.

GHCL aims to focus on the booming commercial and educational hub, Ahmedabad, which is a fast-developing city with a huge potential. GHCL is developing an integrated township near Godhavi village in Ahmedabad. The Company is expanding into all segments from affordable to middle income to high income. The Gujarat Government recently relaxed the redevelopment norms under Gujarat Flat Ownership Act 1973, requiring only 75% of residents' approval as opposed to 100% majority required earlier. This presents a significant opportunity with a target of almost 700 societies qualifying as being 25 years older. With a strong brand, rich experience, professional team and strong processes and practices in place, the Company is well equipped to capitalise on the rising growth opportunity.

OPPORTUNITIES AND THREATS

Opportunities

- Strong macro-economic fundamentals:** The Indian economy has experienced robust economic growth in the past decade and is fast emerging as one of the fastest growing economies in the coming years. India's urban population is expected to reach 543 million by 2025, up from 461 million estimated in 2018. Rising incomes and employment opportunities have led to more urbanisation and higher affordability for real estate in cities. Real estate sector in India is expected to reach a market size of USD 1 trillion by 2030, compared to USD 120 billion in 2017. Increasing share of real estate in the GDP is estimated to be supported by rising industrial activity, improving income levels and growing urbanisation. Mumbai and Bengaluru have been rated as the top real estate investment destinations in Asia. Rapid urbanisation, growing population, rise in number of nuclear families, easy availability of finance, repatriation of NRIs and HNIs, low inflation, lower interest
- Policy Regulations:** The Government has launched several key policies for the real estate sector. Some of these are: Exemption under Income Tax Act for purchase of second house, RERA, Benami Transactions Act, boost to affordable housing construction, interest subsidy to homebuyers, change in arbitration norms, Dividend Distribution Tax (DDT) exemption, reduction in GST rates, and opening of FDI. In order to boost affordable real estate, housing loans of upto ₹ 3.5 million in metro cities were included under RBI's priority sector lending in June 2018. Since loans under priority sector lending are relatively cheaper, this move by the Government is expected to boost housing demand. The total number of houses built under PMAY reached 15.3 million during 2014-18. In Union Budget 2019-20, the Government extended benefits under Section 80-IBA of the Income Tax Act till March 31, 2020 to promote affordable housing in India. To boost this segment, the Government has doled out various tax incentives and other reforms. Union Cabinet has decided to increase carpet area of the unit – 120 sq. metres and 150 sq. metres for MIG-I (income category of ₹ 6-12 lakhs per annum); MIG-II (income category of ₹ 12-18 lakhs per annum), along with an interest subsidy of 4%, further boosting buying and selling of housing units.
- Government reforms:** A slew of initiatives by the Government are expected to provide a significant boost to India's real estate sector. The government has allowed FDI of up to 100% for townships and settlements development projects. A total of 60 million houses are to be built under "Housing For All" scheme by 2022, which includes 40 million in rural areas and 20 million in urban areas. The Government's plan to build 100 Smart Cities also offers huge development opportunities for the real estate sector. RBI has proposed to enable banks to invest in real estate investment trusts and infrastructure investment trusts, thus attracting more institutional investors to these assets. Between 2009-18, India's real estate sector attracted institutional investments worth USD 30 billion. Private Equity and Venture Capital investments reached USD 4.47 billion in the sector during 2018.
- Increasing affordability and rising demand:** The urban housing shortage in India is estimated at around 10 million units. This is being addressed through PMAY, Urban, under which more than 6.85 million houses have been sanctioned up to December 2018. There has been a

substantial increase in demand in commercial real estate sector, driven mostly by growth in ITeS/IT, BFSI, consulting, education and manufacturing. Moreover, many new companies are planning a foray into the Indian markets due to the huge potential and recently relaxed FDI norms. Booming consumerism with organised retail is expected to grow at 25-30% annually, which bodes well for retail real estate development.

Threats

- **Increase in input costs:** Real estate is a capital and labour-intensive industry, thus a rise in cost of labour coupled with shortage creates issues in development of the project. Furthermore, unfair practices of certain sections of distributors and the cement industry by raising the price creates issues in project completion.
- **Inventory pile-up:** Despite the massive need for housing in India, there has been a steady decrease in residential volumes in terms of launches and sales every successive year of the current decade. Huge unsold inventories caused by a prolonged focus of developers on wrong apartment ticket sizes brought the residential real estate industry to a standstill. Vast unsold inventory levels peaked in 2014 at 0.72 million units, which forced developers to curtail supplies. This led to reasonable success in reducing unsold inventory levels to 0.47 million units in 2018.
(Source: Knight Frank Research)
- **Decline in bank credit:** Developers face a major challenge with funding. Lack of industry status does not allow developers to access funds at an affordable rate (except for affordable projects). India's banking liquidity crunch has also extended to the real estate sector. Developers look to non-bank lenders for funding as traditional financiers struggle under bad loans. But following the government's seizure of troubled shadow bank IL&FS, NBFC lending has also been facing troubled times.
- **Shortage of skills and technology:** Real estate is grappling with shortage of skilled professionals, which many times results in project delays. Substantial investment in technology and skill development is essential to ensure growth and development of the real estate sector. For faster completion of projects, it is imperative to invest in skill development and training of primary construction workers.

SECRETARIAL AUDIT REPORT

Form No. MR-3

For the financial year ended March 31, 2019

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members,

GANESH HOUSING CORPORATION LIMITED

Ganesh Corporate House, 100 Feet Hebatpur – Thaltej Road,
Near Sola Bridge, Off. S. G. Highway,
Ahmedabad – 380 054

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **GANESH HOUSING CORPORATION LIMITED** (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that, in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2019, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2019 according to the provisions of:

- i. The Companies Act, 2013 ('the Act') and the rules made there under as applicable;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;

- iv. Foreign Exchange Management Act, 1999 (FEMA) and the rules and regulations made there under to the extent of Foreign Direct Investment;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 and circulars/guidelines/Amendments issued there under;

 - c) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and circulars/guidelines/Amendments issued there under;
 - d) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and circulars/guidelines/Amendments issued there under; and
 - e) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 and circulars/guidelines/Amendments issued there under.
- vi. Secretarial Standards issued by the Institute of Company Secretaries of India.

During the period under review, the Company has complied with the provisions of the Act, Rules made there under, Regulations, Guidelines etc. mentioned above.

Further company being engaged in the business of Construction, there are few specific applicable acts/rules to the Company, which requires approvals or compliances under the respective acts/rules, as list out in the **Annexure - A**. We have relied on the representation made by the Company and its officers for system and mechanism framed by the Company for compliances of the said specific acts/rules.

During the Period under review, provisions of the following Acts, Rules, Regulations, Standards were not applicable to the Company,

- i. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; - the Company is not registered as Registrar to an Issue & Share Transfer Agent. However, the Company has appointed MCS Share Transfer Agent Limited as Registrar & Share Transfer Agent as per the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Independent Auditors' Report

TO THE MEMBERS OF:

GANESH HOUSING CORPORATION LIMITED,

Opinion

We have audited the accompanying standalone financial statements of GANESH HOUSING CORPORATION LIMITED ("the company"), which comprise the Balance Sheet as at 31st March, 2019, the Statement of Profit and Loss (including other Comprehensive Income), the Cash Flow Statement and the statement of changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone financial statement").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

The key audit matters	How our audit addressed the key audit matter
<p>Investment in Subsidiaries and business Advances to Subsidiaries & group companies (refer to note 3, 11 and 45 to the standalone financial statements)</p> <p>The carrying amount of the investments in subsidiaries represents 17.13% and the business advances & other advances to subsidiaries, group companies & others represents 48.16% of the Company's total assets respectively.</p> <p>Recoverability of investment in subsidiaries</p> <p>The Company has investments in subsidiaries which are considered to be associated with significant risk in respect of valuation of such investments. These investments are carried at cost less any diminution in value of such investments, if any. The investments are reviewed for impairment at each reporting date. This assessment is based on the value of net assets of the real estate projects in these underlying entities, which involve significant estimates and judgment, due to the inherent uncertainty involved in forecasting future cash flows as well as estimating market value of assets.</p> <p>In addition, considering the materiality of the investments in subsidiaries vis-à-vis the total assets of the Company, this is considered to be significant to our overall audit strategy and planning.</p>	<p>Investment in Subsidiaries & group companies (refer to note 3, 11 and 45 to the standalone financial statements)</p> <p>Recoverability of investment in subsidiaries:</p> <p>Our audit procedures included:</p> <ul style="list-style-type: none"> • Comparing the carrying amount of investments with the relevant subsidiaries balance sheet to identify whether their net assets, being an approximation of their minimum recoverable amount, were in excess of their carrying amount and assessing whether those subsidiaries have historically been profit-making. We also check the market value of their assets; • For the investments where the carrying amount exceeded the net asset value, comparing the carrying amount of the investment with the projected profitability based on approved business plans of the subsidiaries; • Testing the assumptions and understanding the cash flows based on our knowledge of the Company and the markets in which the subsidiaries operate; and • Considering the adequacy of disclosures in respect of the investment in subsidiaries.

The key audit matters	How our audit addressed the key audit matter
<p>Recoverability of business advances to subsidiaries and group companies</p> <p>The Company has extended business advances to subsidiaries & group companies that are assessed for recoverability at each period end.</p> <p>The company has given total loans & advances of ₹ 577.64 crores. Out of this ₹ 287.34 crores are business advances to subsidiaries companies. ₹ 207.46 crores are given to related parties as business advances and also for purchase of land on behalf of the company. ₹ 82.84 crores are given to others as business advances for purchase of land on behalf of the company and other miscellaneous advances at 31 March 2019.</p> <p>Due to the nature of the business in the real estate industry, the Company is exposed to heightened risk in respect of the recoverability of the business advances granted to the aforementioned related parties.</p> <p>There is also judgment involved as to the recoverability of the working capital and project specific business advances, which rely on a number of property developments being completed over the time period specified in agreements.</p>	<p>Recoverability of business advances to subsidiaries and group companies:</p> <p>Our audit procedures included:</p> <ul style="list-style-type: none"> • We reviewed the controls in place for issuing new business advances and evidenced the Board/ CFO approval obtained. We obtained management's assessment of the recoverability of the business advances, which includes cash flow projections over the duration of the business advances. These projections are based on underlying property development appraisals; • We tested cash receipts received in relation to these business advances during the year through to bank statement; and • We have obtained independent confirmations to ensure completeness and existence of business advances held by related parties as on 31 March 2019.
<p>Evaluation of uncertain tax positions</p> <p>The Company is subject to periodic challenges by local tax authorities on a range of tax matters during the normal course of business including direct and indirect tax matters. These involve significant management judgment to determine the possible outcome of the uncertain tax positions, consequently having an impact on related accounting and disclosures in the financial statements.</p> <p>Refer Note 47 to the financial statements.</p>	<p>Our audit procedures include the following substantive procedures:</p> <ul style="list-style-type: none"> • Obtained understanding of key uncertain tax positions; and • We along with our internal tax experts – <ul style="list-style-type: none"> ➤ Read and analysed select key correspondences, external legal opinions/consultations by management for key uncertain tax positions; ➤ Discussed with appropriate senior management and evaluated management's underlying key assumptions in estimating the tax provisions; and ➤ Assessed management's estimate of the possible outcome of the disputed cases.

Other information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information

is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view

of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with relevant rules issued there under. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for

one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because

the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, We give in the Annexure – A, a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and beliefs were necessary for the purposes of our audit;
 - b. In our opinion proper books of accounts as required by Law have been kept by the Company so far as it appears from our examinations of those books;
 - c. The Balance Sheet, Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this report are in agreement with the relevant books of account;
 - d. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with relevant rules issued there under;
 - e. On the basis of written representations received from the directors as on 31st March, 2019, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure – B.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Annexure - A to the Independent Auditors' Report

TO THE MEMBERS OF:

GANESH HOUSING CORPORATION LIMITED,

Referred to in paragraph (1) under the heading of "Report on Other Legal and Regulatory requirements" of our Report of even date to the standalone financial statements of the company for the year ended 31st March, 2019:

- (i) (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
- (b) All the assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- (ii) The company is accounting various construction projects being built by it, as inventory. There is a continuous monitoring of the construction projects. Hence, the question of physical verification of the project does not arise. In case of Inventory of Raw materials, it has been physically verified during the year by the management. The inventory shown in the accounts is in the nature of various construction projects. Hence, normal inventory records associated with manufacturing companies are not being kept. However, the company is maintaining the necessary records to our satisfaction. No discrepancies were noticed on verification between the physical stocks and book records.
- (iii) The company has not granted any loan to any company, Limited Liability Partnership, Firm and other party covered in the Register maintained under section 189 of the Companies Act, 2013. However, by way of abundant caution we are giving opinion of business advances given by the company. The company has granted unsecured business advances to seven companies covered in the Register maintained under section 189 of the Companies Act, 2013.
 - (a) The business advances granted to the companies listed in the Register maintained under Section 189 of the Companies Act, 2013 are not prima facie prejudicial to the interest of the company, even though they are interest free and unsecured, as the advances are given to a group companies.
 - (b) The business advances granted to the companies listed in the Register maintained under Section 189 of the Companies Act, 2013 are Interest free & repayable on demand. Hence, the question of payment of interest and regular repayment of principal amount does not arise.
 - (c) There is no overdue amount in respect of the business advances granted to the companies listed in the Register maintained under Section 189 of the Companies Act, 2013, as the business advances are repayable on demand.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 with respect to the loans, guaranties, securities and investments made.
- (v) The company has not accepted any public deposit within the meaning of provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under. Therefore, the provisions of clause 3(v) of the Order are not applicable to the Company.
- (vi) We have broadly reviewed the cost records maintained by the company pursuant to the rules made by the Central Government of India under sub-section (1) of section 148 of the Companies Act, 2013 and are of the opinion that prima facie the prescribed cost records have been maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the information and explanations given to us and based on our examination of the records of the company, undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Custom, Duty of Excise, Value Added Tax, Cess and other statutory dues with the appropriate authorities have been generally regularly deposited.

According to the information and explanations given to us no other undisputed amounts payable in respect of the aforesaid dues were outstanding as at 31st March, 2019 for a period of more than six months from the date of becoming payable.

- (b) According to the information and explanations given to us, there are no dues of Income Tax, Sales Tax, Service Tax, Duty of Custom, Duty of Excise, Value Added Tax and Cess, which have not been deposited on account of any dispute other than the following:

Name of Statute	A.Y.	Demand Raised Amt. ₹	Demand Paid Amt. ₹	With whom dispute is pending
Income Tax	2010-2011	130334350/-	0	Pr.CIT-2, Ahmedabad
Income Tax	2011-2012	185054140/-	0	Pr.CIT-2, Ahmedabad
Income Tax	2015-2016	242969200/-	0	Pr.CIT-2, Ahmedabad

- (viii) In our opinion and according to the information and explanations given to us by the management and based on our examination of the records of the company, the outstanding repayment to a bank and financial institutions at the end of the financial year have been paid by the date of our audit report. The Company has not taken any loan from the government. The company has not issued any Debentures.
- (ix) According to the information and explanations given to us and based on our examination of the records of the company, the company has not raised moneys by way of initial public offer or further public offer including debt instruments. The company has utilized the monies raised by way of term Loans broadly for the purposes for which they were raised.
- (x) According to the information and explanations given to us, no material fraud by the Company or on the company by its officers or employees has been noticed or reported during the year in course of our audit.
- (xi) According to the information and explanations given to us and based on our examination of the records of the Company, The Company has paid / provided for managerial remuneration in accordance with the requisite approval mandated by the provisions of Section 197 read with Schedule V to the Companies Act, 2013.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Therefore, the provisions of clause 3(xii) of the Order are not applicable to the Company.
- (xiii) According to the information and explanations given to us during the year there were transactions with related parties. However, the value of transactions were such that they were not within the scope of section 188. [Refer clause 15 of Companies (Meeting of Board and its powers) Rules, 2014]. Hence, all transaction with the related parties are in compliance with section 177 and 188 of the Companies Act, 2013 where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of clause 3(xiv) of the Order are not applicable to the Company.
- (xv) According to the information and explanations given to us and based on our examination of the records of the company, the company has not entered into any non-cash transactions with directors or persons connected with him. Hence the question of complying with provisions of section 192 of Companies Act, 2013 does not arise. Accordingly, the provisions of clause 3(xv) of the Order are not applicable to the Company.
- (xvi) In our opinion, the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of clause 3(xvi) of the Order are not applicable to the Company.

Annexure - B to the Independent Auditors' Report

TO THE MEMBERS OF:

GANESH HOUSING CORPORATION LIMITED,

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Ganesh Housing Corporation Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and

the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable

assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note: Effective April 1, 2017, the Company adopted the amendment to Ind AS 7, which require the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement. The adoption of the amendment did not have any material impact on the financial statements.

29. SIGNIFICANT ACCOUNTING POLICIES:

1.1 NATURE OF OPERATIONS:

The Company was incorporated in 1991. The company is a public limited company incorporated and domiciled in India has its registered office at Ahmedabad, Gujarat, India. The company has its primary listings on the BSE Limited and National Stock Exchange of India Limited in India. The company's main business is real estate promotion and development in residential and commercial segment and infrastructure projects.

1.2 BASIS OF PREPARATION OF FINANCIAL STATEMENTS:

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as specified under section 133 of the Companies Act 2013 read together with the Rules notified there under to the extent applicable and the other relevant provisions of the Act, pronouncements of the regulatory bodies applicable to the company.

The financial statements have been prepared on going concern and accrual basis. The accounting policies are applied consistently to all the periods presented in the financial statements.

The financial statements of the Company for the year ended March 31, 2019 were approved by the Board of Directors on 30/05/2019.

1.3 BASIS OF MEASUREMENT:

The Ind AS Financial Statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and liabilities as specified and defined benefit plans which have been measured at actuarial valuation as required by relevant Ind AS.

1.4 BASIS FOR CLASSIFICATION OF ASSETS & LIABILITIES:

All the assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets or processing and their realization in cash and cash equivalent, the Company has ascertained its operating cycle to be 12 months for the purpose of current – non current classification of assets and liabilities.

1.5 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS:

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Revisions to accounting estimates are recognised prospectively.

The areas involving critical estimates or judgments are:

- Estimation of defined benefit obligation (Note 1.13)
- Estimation of Useful life of Property, plant and equipment and intangibles (Note 1.7/1.8)
- Estimation of taxes (Note 1.11)
- Estimation of cost of project for revenue recognition (Note 1.12)
- Estimation of impairment (Note 1.10, 1.14)
- Estimation of provision and contingent liabilities (Note 1.17)
- Estimation of Share based payments to employees (Note 1.18)

1.6 RECENT ACCOUNTING DEVELOPMENTS:

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective. The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

I) Ind AS 116 Leases

Ind AS 116 Leases was notified by MCA on 30 March 2019 and it replaces Ind AS 17 Leases, including appendices thereto. Ind AS 116 is effective for annual periods beginning on or after 1 April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance

Notes Forming Part of Accounts as at 31/03/2019

sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Lessees will be also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

Lessor accounting under Ind AS 116 is substantially unchanged from today's accounting under Ind AS 17. Lessors will continue to classify all leases using the same classification principle as in Ind AS 17 and distinguish between two types of leases: operating and finance leases.

The Company intends to adopt these standards from 1 April 2019. Ind AS 116 also requires lessees and lessors to make more extensive disclosures than under Ind AS 17.

1.7 PROPERTY, PLANT & EQUIPMENT:

- A.** Property, Plant & Equipment are stated at cost of acquisition or construction net of accumulated depreciation and accumulated impairment losses, if any. Cost comprises the purchase price and other directly attributable costs. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

B. Depreciation on fixed assets:

Depreciation is provided based on a pro-rata basis on the useful life of the assets as prescribed in Schedule II of the Companies Act, 2013 on the "Written down value" method in respect of all assets.

- C.** The company had elected to consider the carrying value of all its property, plant and equipment appearing in the financial statements prepared in accordance with Accounting Standards notified under section 133 of the Companies Act 2013 read together with the Rules notified there under and used the same as deemed cost in the opening Ind AS Balance Sheet prepared on 1st April, 2015.

1.8 INTANGIBLE ASSET:

Intangible Assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the company and the cost of asset can be measured reliably.

Intangible Assets are stated at cost, net of accumulated amortization and accumulated impairment loss, if any. Cost includes any expenditure directly attributable on making the asset ready for its intended use.

Intangible assets with finite lives are amortized over their useful economic life. The amortisation period and the amortisation method for finite-life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate.

1.9 BORROWING COST:

Borrowing costs attributable to the acquisition, construction or production of qualifying assets (i.e. assets that necessarily take substantial period of time to get ready for their intended use or sale) are capitalised as part of the cost of such asset up to the date when such asset is ready for its intended use or sale. Other borrowing costs are recognised as an expense in the period in which they are incurred. Further, interest earned out of borrowed funds from temporary investments is reduced from the borrowing cost.

1.10 FINANCIAL INSTRUMENT:

A financial instrument is any contract that gives rise to a financial asset of one entity and financial liability or equity instrument of another entity.

I) Financial Asset:

Initial recognition and measurement:

All financial instruments are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through P&L, transaction costs that are attributable to the acquisition of the financial asset, purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place are recognized on the trade date i.e. the date that the company commits to purchase or sell the asset.

Subsequent Measurement:

For the purpose of subsequent measurement financial assets are classified as measured at:

- Amortised cost
- Fair value through profit and loss (FVTPL)
- Fair value through other comprehensive income (FVOCI)

(a) Financial Asset measured at amortized cost:

Financial Assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortized cost using effective interest rate (EIR) method. The EIR amortization is recognized as finance income in the statement of Profit & Loss. The company while applying above criteria has classified the following at amortized cost:

- (a) Trade receivables
- (b) Investment in Subsidiaries
- (c) Loans
- (d) Other financial assets

(b) Financial Assets Measured at fair value through other comprehensive income:

Financial assets that are held within a business model whose objective

is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(c) Financial Assets at fair value through profit & loss (FVTPL):

Financial Asset are measured at Fair value through Profit & Loss if it does not meet the criteria for classification as measured at amortized cost or at FVOCI. All fair value changes are recognized in the statement of Profit & Loss.

Equity Instruments:

All investments in equity instruments classified under financial assets are initially measured at fair value, the group may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

De-recognition of Financial Assets:

Financial assets are derecognized when the contractual rights to the cash flows from the financial asset expire or the financial asset is transferred and the transfer qualifies for Derecognition. On Derecognition of a financial asset in its entirety, the difference between the carrying amount (measured on the date of recognition) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in the statement of Profit & Loss.

Impairment of Financial Assets:

In accordance with Ind AS 109, the company applies expected credit

Notes Forming Part of Accounts as at 31/03/2019

loss (ECL) model by adopting the simplified approach using a provision matrix reflecting current condition and forecasts of future economic conditions for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- (a) Financial Assets that are debt instruments, and are measured at amortized cost e.g. loans, debt securities, deposits, trade receivables and bank balance
- (b) Financial Assets that are debt instruments and are measured at FVTOCI.
- (c) Lease receivables under Ind AS 17.
- (d) Trade receivables or any contractual right to receive cash or another financial asset
- (e) Loan commitments which are not measured at FVTPL
- (f) Financial guarantee contracts which are not measured at FVTPL

II) Financial Liability:

Initial recognition and measurement:

Financial liabilities are recognized initially at fair value plus any transaction cost that are attributable to the acquisition of the financial liability except financial liabilities at FVTPL that are measured at fair value.

Subsequent measurement:

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Financial Liabilities at amortized cost:

Amortized cost for financial liabilities represents amount at which financial liability is measured at initial recognition minus the principal repayments, plus or minus the cumulative amortization using the effective interest method of any difference between the initial amount and the maturity amount.

The company is classifying the following under amortized cost

- Borrowings from banks
- Borrowings from others
- Trade payables
- Other Financial Liabilities

Derecognition:

A financial liability shall be derecognized when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expires.

1.11 INCOME TAXES:

Income tax expense for the year comprises of current tax and deferred tax. Provision for Current Tax is computed as per Total Income Returnable under the Income Tax Act, 1961 taking into account available deductions and exemptions.

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised.

1.12 REVENUE RECOGNITION:

A. On March 28, 2018, the Ministry of Corporate Affairs (MCA) has notified Ind AS 115 - Revenue from Contract with Customers and certain amendment to existing Ind AS. These amendments shall be applicable to the Company from April 01, 2018.

Issue of Ind AS 115 - Revenue from Contracts with Customers:

Ind AS 115 will supersede the current revenue recognition guidance including Ind AS 18 Revenue, Ind AS 11 Construction Contracts and the related interpretations. Ind AS 115 provides a single model of accounting for revenue arising from contracts with customers based on the identification and satisfaction of performance obligations.

Ind AS 115 "Revenue from Contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- Identify the contract(s) with a customer;

- Identify the performance obligations;
 - Determine the transaction price;
 - Allocate the transaction price to the performance obligations;
 - Recognise revenue when or as an entity satisfies performance obligation.
- B.** The full revenue is recognized on sale of property when the firm has transferred to the buyer all significant risks & rewards of ownership and when the seller has not to perform any substantial acts to complete the contract.
- The Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue Recognition and Ind AS 11 Construction Contracts. The Company has adopted Ind AS 115 using the modified retrospective method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information in the statement of profit and loss is not restated – i.e. the comparative information continues to be reported under Ind AS 18 and Ind AS 11.
- C.** Lease of land of SEZ project: Land given on perpetual lease is treated as actual sale of land.
- D.** Interest income is recognized using the effective interest rate (EIR) method.

1.13 RETIREMENT & OTHER EMPLOYEE BENEFITS:

A. Defined Contribution Plans:

The company's contribution paid / payable for the year to Provident Fund are recognized in the Profit & Loss Statement. The company has no obligation other than the contribution payable to the Government.

The company funds a post-employment benefit obligation by contributing to an insurance policy under which the entity is not obliged to pay any future liability arising, which is directly paid by insurance company and hence treats the same as defined contribution plan as per para 46 of Ind AS 19.

B. Defined Benefit Plans:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

- C.** The company has a system of providing accumulating compensating absences non-vesting and hence no provision is made in the books of accounts for the leaves.
- D.** In respect of employees' stock options, the excess of fair price on the date of grant over the exercise price is recognized as deferred compensation cost amortised over the vesting period.

1.14 IMPAIRMENT OF ASSETS:

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Recoverable value is being higher of value in use and net selling price. Value in use is computed at net present value of cash flow expected over the balance useful life of the assets. An impairment loss is recognized in the year in which an asset is identified as impaired as an expense in the Profit and Loss Account.

Notes Forming Part of Accounts as at 31/03/2019

1.15 INVENTORY:

Inventories are valued at the lower of cost and net realisable value.

- A. In case of the inventory of Raw-materials, they are valued at cost using FIFO method.
- B. The Closing stock of WIP has been valued at cost.

1.16 TRANSACTIONS IN FOREIGN CURRENCY:

- A. Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction.
- B. Monetary items denominated in foreign currencies at the period end are restated at year end rates.
- C. Non monetary foreign currency items are carried at cost.
- D. Any income or expense on account of exchange difference either on settlement or on transaction is recognised in the statement of profit and loss.

1.17 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS:

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events, it is probable that there will be an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past event, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arise from past event where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount can not be made.

1.18 SHARE BASED PAYMENT:

Under the equity settled share based payment, the fair value on the grant date of the awards given to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated by an independent valuer basis Black Scholes model. When the options are exercised, the Company issues fresh equity shares.

For cash-settled share based payments, the fair value of the amount payable to employees is recognised as 'employee benefit expenses' with a corresponding increase in liabilities, over the period of non market vesting conditions getting fulfilled. The liability is remeasured at each reporting period up to, and including the settlement date, with changes in fair value recognised in employee benefits expenses.

1.19 EARNINGS PER SHARE:

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all potential dilutive equity shares.

1.20 CASH FLOW STATEMENT:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payment and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

36. FINANCIAL RISK MANAGEMENT:

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimize any adverse effects on the financial performance of the company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures and interest rate swaps to hedge variable interest rate exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements

Risk	Exposure	Measurement	Management
Credit Risk	Financial Assets measured at amortised cost	– Ageing Analysis – Credit Ratings	Diversification, Credit Limits
Liquidity Risk	Borrowing and other liabilities	Rolling Cash flow forecasts	Availability of committed borrowing facilities
Market Risk – Interest Rates	Variable Rate Borrowings	Sensitivity Analysis	Conversion of loan from higher interest rate to lower interest rate

Credit Risk Management

Credit risk is managed on a company basis. For banks and financial institutions, only high rated banks/institutions are accepted.

For other financial assets, the company assesses and manages credit risk based on internal credit rating system. The finance function consists of a separate team who assess and maintain an internal credit rating system. Internal credit rating is performed on a company basis for each class of financial instruments with different characteristics.

Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the company's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operating companies of the company in accordance with practice and limits set by the company. These limits vary by location to take into account the liquidity of the market in which the entity operates. In addition, the company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Market Risk Management

Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company manages its cash flow interest rate risk by converting higher rate interest loan to lower rate interest loan.

Independent Auditors' Report

TO THE MEMBERS OF:

GANESH HOUSING CORPORATION LIMITED,

Report on the audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of GANESH HOUSING CORPORATION LIMITED ("the company"), and its subsidiaries (together referred to as 'the Group') which comprise the Consolidated Balance Sheet as at 31st March, 2019, the Consolidated Statement of Profit and Loss (including other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated statement of changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Consolidated financial statement").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under

section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2019, the consolidated profit (including other consolidated comprehensive income), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

The key audit matters	How our audit addressed the key audit matter
Adoption of Ind AS 115 – Revenue from Construction Contract	
<p>As described in Note 29 – 1.4 to the Consolidated Financial Statements, the Group has adopted Ind AS 115, Revenue from Contracts with Customers ('Ind AS 115') which is the new revenue accounting standard. The application and transition to this accounting standard is complex and is an area of focus in the audit. The revenue standard establishes a comprehensive framework for determining whether, how much and when revenue is recognized. This involves certain key judgments relating to identification of distinct performance obligations, determination of transaction price of identified performance obligation, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, the standard mandates robust disclosures in respect of revenue and periods over which the remaining performance obligations will be satisfied subsequent to the consolidated balance sheet date. The Group adopted Ind AS 115 and applied the available exemption provided therein, to not restate the comparative periods.</p> <p>Refer to notes 29 – 1.4 & 47 to the Consolidated financial statements.</p>	<p>Our audit procedures on adoption of Ind AS 115, Revenue from contracts with Customers ('Ind AS 115'), which is the new revenue accounting standard, include –</p> <ul style="list-style-type: none"> • Evaluated the design and implementation of the processes and internal controls relating to implementation of the new revenue accounting standard; • Evaluated the detailed analysis performed by management on revenue streams by selecting samples for the existing contracts with customers and considered revenue recognition policy in the current period in respect of those revenue streams; • Evaluated the changes made to IT systems to reflect the changes required in revenue recognition as per the new accounting standard; • Evaluated the cumulative effect adjustments as at 1 April 2018 for compliance with the new revenue standard; and • Evaluated the appropriateness of the disclosures provided under the new revenue standard and assessed the completeness and mathematical accuracy of the relevant disclosures.
Evaluation of uncertain tax positions	
<p>The Group is subject to periodic challenges by local tax authorities on a range of tax matters during the normal course of business including direct and indirect tax matters. These involve significant management judgment to determine the possible outcome of the uncertain tax positions, consequently having an impact on related accounting and disclosures in the Consolidated Financial Statements.</p> <p>Refer Note 46 to the financial statements.</p>	<p>Our audit procedures include the following substantive procedures:</p> <ul style="list-style-type: none"> • Obtained understanding of key uncertain tax positions; and • We along with our internal tax experts – <ul style="list-style-type: none"> ➢ Read and analysed select key correspondences, external legal opinions/consultations by management for key uncertain tax positions; ➢ Discussed with appropriate senior management and evaluated management's underlying key assumptions in estimating the tax provisions; and ➢ Assessed management's estimate of the possible outcome of the disputed cases.

Other information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the Consolidated Financial Statements and our auditors' report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other consolidated comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with relevant rules issued there under. The management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design implementation and maintenance of adequate internal financial controls,

that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, management and Board of Directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Group financial reporting process.

Auditor's responsibilities for the audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the Consolidated Financial Statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

We communicate with those charged with governance of the Holding Company and its subsidiaries included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

1. As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and beliefs were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements;
 - b. In our opinion proper books of accounts as required by Law relating to preparation of aforesaid Consolidated Financial Statements have been kept so far as it appears from our examinations of those books;
 - c. The Consolidated Balance Sheet, Consolidated Statement of Profit and Loss including Consolidated Other Comprehensive Income,

- the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements;
- d. In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with relevant rules issued there under;
- e. On the basis of written representations received from the directors as on 31st March, 2019, taken on record by the Board of Directors of the companies and its subsidiary companies incorporated in India, none of the directors of the Group is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and its subsidiary companies and the operating effectiveness of such controls, refer to our separate report in Annexure – A.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Consolidated Financial Statements disclose the impact of pending litigations as at 31 March 2019 on the consolidated financial position of the Group. Refer Note No. 46 [A to F] to the Consolidated Financial Statements.
- ii. The Company and its subsidiary companies did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary companies during the year ended 31st March, 2019.

To the Independent Auditors' Report on Consolidated Financial Statements

TO THE MEMBERS OF:

GANESH HOUSING CORPORATION LIMITED,

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Ganesh Housing Corporation Limited ("the Company") and its subsidiaries which are companies incorporated in India (together referred to as 'the Group') as of March 31, 2019 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Group are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of chartered accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Group internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

The Group internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The Group internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorisations of management and directors of the Group; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Group assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls,

material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of chartered accountants of India.

Note: Effective April 1, 2017, the Company adopted the amendment to Ind AS 7, which require the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement. The adoption of the amendment did not have any material impact on the financial statements.

29. SIGNIFICANT ACCOUNTING POLICIES ON CONSOLIDATED ACCOUNTS:

1.1 NATURE OF OPERATION:

The parent company is engaged in the business of construction of Residential, commercial and infrastructure projects.

1.2 BASIS OF PREPARATION:

The consolidated financial statements relate to Ganesh Housing Corporation limited, and its subsidiaries namely Gatil Properties Private Limited & Essem Infra Private Limited. These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as specified under section 133 of the Companies Act 2013 read together with the Rules notified there under to the extent applicable and the other relevant provisions of the Act, pronouncements of the regulatory bodies applicable to the company.

These consolidated financial statements have been prepared on going concern and accrual basis.

These consolidated financial statements of the group for the year ended March 31, 2019 were approved by the Board of Directors on 30/05/2019.

1.3. PRINCIPLES OF CONSOLIDATION:

The Consolidated Financial Statements have been prepared on the following basis:

Subsidiaries are all entities (including special purpose entities) that are controlled by the Company. Control exists when the Company is exposed to, or has rights, to variable returns from its involvement with the entity, and has the ability to affect those returns through power over the entity. The net assets and results of acquired businesses are included in the consolidated financial statements from their respective dates of acquisition, being the date on which the Group obtains control. The results of disposed businesses are included in the consolidated financial statements up to their date of disposal, being the date control ceases. The group combines the financial statements of the parent and its subsidiaries line by line

adding together like items of assets, liabilities, equity, income and expenses. Inter Company transactions, balances and unrealised gains on transactions between group companies are eliminated. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

The excess of cost to the Group of its investment in subsidiaries, on the acquisition dates over and above the Group's share of equity in the subsidiaries, is recognised as 'Goodwill on Consolidation' being an asset in the consolidated financial statements. The said Goodwill is not amortised, however, it is tested for impairment at each Balance Sheet date and the impairment loss, if any, is provided for. On the other hand, where the share of equity in subsidiaries as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves and Surplus' in the consolidated financial statements.

Non-controlling interests in the net assets of consolidated subsidiaries is identified and presented in the consolidated Balance Sheet separately within equity. Non-controlling interests in the net assets of consolidated subsidiaries consists of:

- (a) The amount of equity attributable to non-controlling interests at the date on which investment in a subsidiary is made; and
- (b) The non-controlling interests share of movements in equity since the date parent subsidiary relationship came into existence.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

- B. The fair values of non-current borrowings and non current Loans are same as their amortised cost since the borrowings are interest bearing at the prevalent market rate.

35. FINANCIAL RISK MANAGEMENT:-

The Company's activities expose it to market risk, liquidity risk and credit risk.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

Risk	Exposure	Measurement	Management
Credit Risk	Financial Assets measured at amortised cost	– Ageing Analysis – Credit Ratings	Diversification, Credit Limits
Liquidity Risk	Borrowing and other liabilities	Rolling Cash flow forecasts	Availability of committed borrowing facilities
Market Risk – Interest Rates	Variable Rate Borrowings	Sensitivity Analysis	Conversion of loan from higher interest rate to lower interest rate

Credit Risk Management

Credit risk is managed on a company basis. For banks and financial institutions, only high rated banks/institutions are accepted.

For other financial assets, the company assesses and manages credit risk based on internal credit rating system. The finance function consists of a separate team who assess and maintain an internal credit rating system. Internal credit rating is performed on a company basis for each class of financial instruments with different characteristics.

Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the company's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operating companies of the company in accordance with practice and limits set by the company. These limits vary by location to take into account the liquidity of the market in which the entity operates. In addition, the company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Market Risk Management

Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company manages its cash flow interest rate risk by converting higher rate interest loan to lower rate interest loan.
